SUMMARY

SQL Developer with 8+ years of hands-on experience in developing database applications and administering database and information systems. Led teams of 5-15 people across technology and data science departments.

PROFESSIONAL EXPERIENCE

Resume Worded, New York, NY   Jun 2020 – Present
SQL Developer
- Drove 97% stability, reliability, and performance by optimizing in-application SQL statements and designing user-focused databases.
- Developed an ETL Database Model to carry out new procedures while creating various database warehouse dimensions to accept ETL outputs.
- Gathered all necessary departmental requirements from 40+ business analysts, subsequently developing physical data models using Erwin while creating DDL scripts to design database schema and database objects.
- Performed database defragmentation while optimizing the entire SQL queries, improving database performance and loading speed by 70%.
- Led the development of 12 database projects for one of the company's largest clients with on-time delivery and 13% under budget completion.

Growthsi, New York, NY   Jan 2017 – May 2020
SQL Developer
- Utilized Joins and sub-queries to simplify complex queries involving multiple tables while optimizing procedures and triggers in production.
- Performed SQL, PL/SQL, and application tuning using multiple tools, including EXPLAIN PLAN, SQL*TRACE, TKProf, and AutoTrace.
- Designed 4+ onsite databases while maintaining a group of 25 databases, subsequently reducing production costs by 15% and boosting the overall departmental productivity using various data modelling techniques.
- Wrote 10+ SQL queries to obtain data from multiple tables to spool into CSV format and provide extracts to all company businesses and users.

Third Company, San Diego, CA   May 2014 – Dec 2016
Junior SQL Developer
- Assisted in the development of 10 database projects for numerous customers, completing all projects on time and 15% under budget.
- Utilized dialogue-mapping procedures to gather all the necessary requirements, gaining 98% overall customer and client satisfaction.
- Demonstrated expertise in using Oracle data modelling to boost departmental productivity and cut the overall production cost by 10%.

EDUCATION

Resume Worded University, San Francisco, CA   May 2014
Bachelor of Science in Computer Science
- Awards: Resume Worded Teaching Fellow (only 5 awarded to class), Dean's List 2012 (Top 10%)
- Completed one-year study abroad with Singapore University
